## APA Biotechs Care

APA Biotechs Care Co., Ltd. was established in February 2018 by Ms.Punyawee Ratanapatarapong, a visionary executive with more than 10 years of experience in the medical device industry.

Our company produces, imports and distributes high quality aesthetic products and injectable medical devices from all over the world. Along with excellent after-sales service to ensure trust and safety of patients are important.

With determination after all this time, our company has dominated the cosmeceuticals in the country for more than 40%. Also, quality and safety made us accepted both in the medical fields and clients.

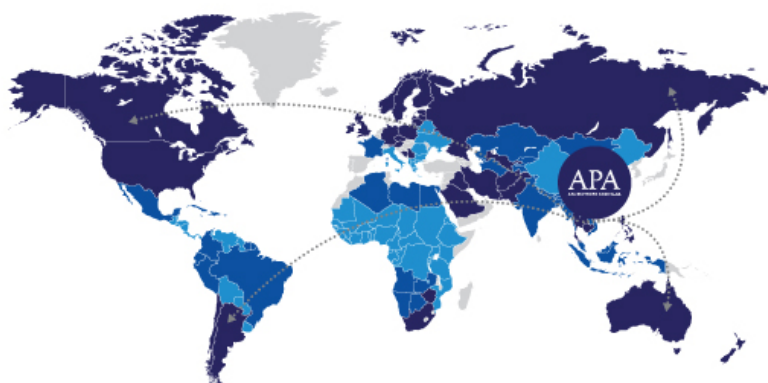

From the intention to lead Thai company to be recognized in the world. Meet market demands and expanding the customer base by finding partners from abroad. This allows us to exchange more innovations and medical technologies. Moreover, continue to step into a sustainable global company.

EXCELLENCE

//

The standard of the product which APA BIOTECHS CARE selected.

## 4 KEY INGREDIENTS

DESIGNED TO OFFER MOISTURE BOOST, SKIN HYDRATION AND HEALTHY-LOOKING SKIN.

### Hyaluronic Acid

HMW HA stimulates CD44 in epidermal relating to the acceleration of wound healing, reduce wrinkles, increase skin thickness and collagen stimulation to make the skin looks full of water

### Sodium Hyaluronate

Helping retain water add moisture to the skin ready to reduce wrinkles. The molecule is much smaller than Hyaluronic Acid and can hold up to 1,000 times of water! More stable and deteriorate more slowly

### Niacinamide

Boosting collagen production. Preventing evaporation of moisture from the skin. Improving skin barrier function. Suppressing production of active oxygen which makes wrinkles. Maintaining the bright skin

### Hydrolyzed Collagen

Effective in reducing skin aging as it reduces wrinkles. Improves skin elasticity and hydration

# AQUATIC FULL-FILL BRIGHT

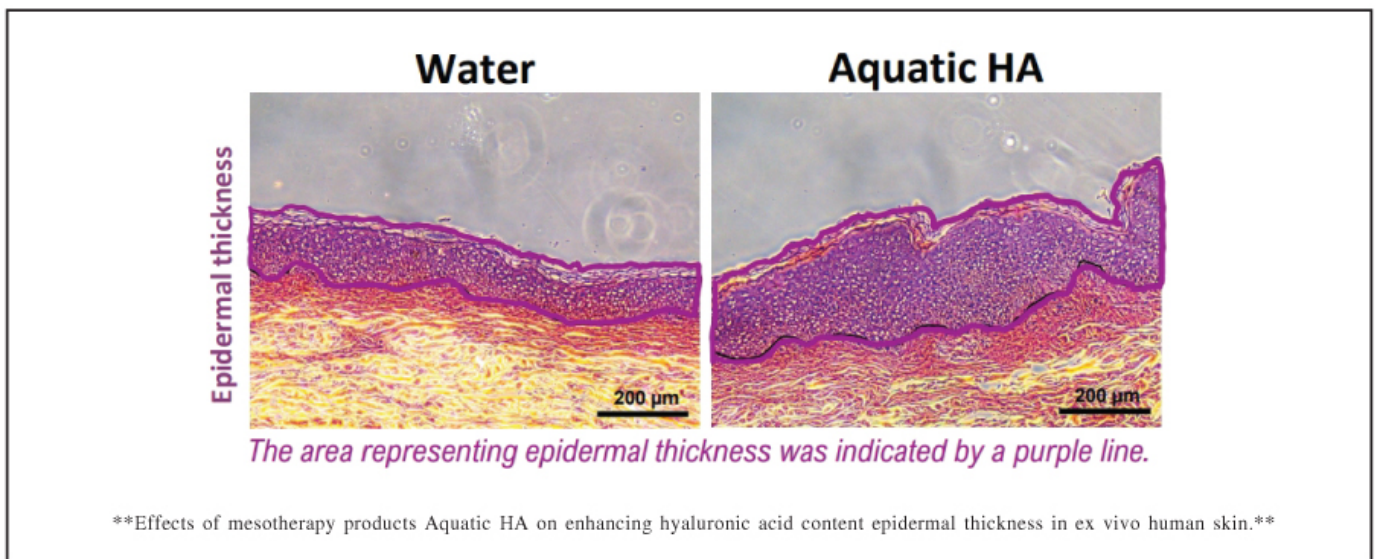

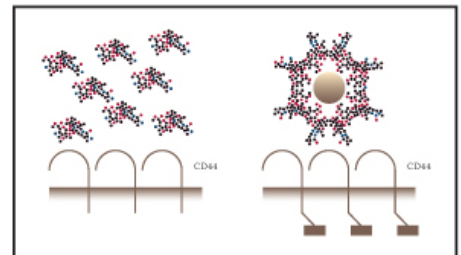

AQUATIC is a skin rejuvenating solution based on non cross-linked High Molecular Weight of Hyaluronic Acid 1.52 MDa , formulated at a concentration of 15mg/ml that allow us to an action in deep layers of skin by stimulating essential proteins and restoring elasticity for recovery of skin condition.

## Hyaluronic Acid

High Molecular Weight of HA which is contained in AQUATIC is an important simulator to increase collagen stimulation and skin thickness. The most representative HA receptor is CD44 which trigger differentiation in human keratinocytes and fibroblast cells. And helping the skin problems both in short term and long term.

INDICATION	Skin Moisture, Glass Skin
KEY INGREDIENTS	Hyaluronic Acid
CAPACITY	5 ml x 10 Vials / Box

MECHANISM OF ACTION

Not only the prime effect of providing firmness and elasticity, but AQUATIC Solution also helps to regulates water balance and moisturizing of dull skin with active ingredients which includes Sodium Hyaluronate, Hydrolyzed Collagen, Niacinamide and Peptide Complex.

## Maintain skin balanced and prevent acne

The next generation of skin rejuvenation Treatment, Developments in skin regenerative therapy are now beginning to address the root causes of skin aging.

### ADSC-CM

(Adipocytes derived stem cell conditioned media extract)

The latest skin nourishing nutrients that effectively repair and restore skin instantly, making SKIN BARRIER stronger, preventing and actually reducing skin problems. Suitable for sensitive skin, acne, tired skin and dull skin

ADSC - CM is a highly functional cosmetic ingredient from human adipose tissue derived stem cell culture , and rich in growth factors such as EGF, basic FGF , TGF B 1 along with bioactive substances such as various cytokine , enzyme and ECM ( extracellular matrix ) proteins . These ingredients stimulates aging , damaged and activity reduced cells and helps activate cells

INDICATION	Skin Barrier, Anti Acne
KEY INGREDIENTS	Growth Factor, Sodium DNA, Sodium Hyaluronate, Niacinamide, Natural Moisturizing Factors
CAPACITY	5ml x 10 Vials / Box
RECOMMENDED PROTOCOL	Hestina 2.5 ml + NSS 1 ml + Lidocain 0.2 ml Intradermal (Deep) 0.2 ml/ Per point

- ✓ Reducing and preventing wrinkles
- ✓ Wound healing
- ✓ Skin whitening
- ✓ Antioxidation
- ✓ Cell regeneration

REVEAL YOUR PERFECT COMPLEXION OVERNIGHT

WITH **ADSC-CM**

(Adipocytes derived stem cell conditioned media extract)

ADSC-CM promotes the biosynthesis of biopolymers such as collagen and hyaluronic acid (HA), is effective against wrinkles and prevents wrinkles by multiplying dermis and epidermal cells. It helps skin whitening by inhibiting melanin.

# PIKO

## WHITENING & LIGHTING SERUM

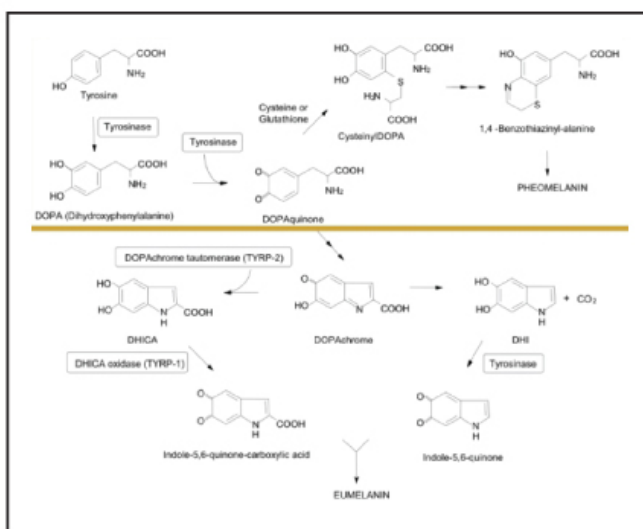

Concentration of raw materials which give an awesome results in a relatively short time

INDICATION	Reduce melasma
KEY INGREDIENTS	Alpha-Arbutin, Glutathione, Niacinamide, Hyaluronic Acid, Sodium Hyaluronate, Adenosine, Hydrolyzed Collagen, Multi Peptide
CAPACITY	5ml x 5 Vials / Box
RECOMMENDED PROTOCOL	Layer : Epidermis or Dermis Method : Point by point. Using for 0.01 - 0.02 ml., 0.3 - 0.5 cm. Spread until covering the spot that needs to be healed. Quantity : 5 ml. (1 vial)

### Reducing Hyperpigmentation, Melanin Synthesis

Enriched with 8 active ingredients that acts at the root cause of hyperpigmentation by melanin synthesis and contains antioxidant agents that regulate melanin overproduction. It provides to halt the development of dark spots and leaves skin more uniform, glowing and smooth.

Concentrated extract to reduce pigment production.

1. Arbutin inhibits Tyrosinase, reduces pigmentation.
2. Glutathione (GSH) inhibits the synthesis of melanin, the new skin color is less dark.
3. Niacinamide inhibits melanosomes, helping to brighten the skin.

Barrier Function

Skin  
Normalization

# PRODUCT SUMMARY

Offer 4 different products to meet your specific needs.

**REGENT SER**  
SKIN REJUVENATION SOLUTION

**PIKO**  
WHITENING & LIGHTENING SERUM

**HESTINA**  
SKIN BOOSTER SERUM

**AQUATIC**  
Rejuvenation of HA Solution

ACTIVE INGREDIENT	PDRN, Sodium DNA, Multi Peptide	Alpha-Arbutin, Glutathione, Niacinamide	Nano Capsule Growth Factor	Hyaluronic Acid (High Molecular Weight of HA)
PROPERTY	Skin Regeneration	<ul style="list-style-type: none"> <li>• Reducing pore size</li> <li>• Acne scar</li> <li>• Texture</li> </ul>	Maintain skin balanced and prevent acne	<ul style="list-style-type: none"> <li>• Rejuvenation</li> <li>• Skin thickness</li> <li>• Balance moisturizer</li> </ul>
INDICATION	For repair tissue and regenerate skin	For melasma and skin brightening	For acne problems and dull skin	For dehydrated skin, dark under-eye circles and skin thickness
TREATMENT AREA	Whole face	Melasma area	16 points whole face (Top Secret)	Whole face
RECOMMENDED PROTOCOL	Dermis Layer	Epidermis Layer	Epidermis Layer	Dermis Layer
STORAGE	≤ 25 <sup>°C</sup>	≤ 25 <sup>°C</sup>	≤ 25 <sup>°C</sup>	≤ 25 <sup>°C</sup>
PACKING UNIT	5ml x 4 Vials / Box	5ml x 5 Vials / Box	5ml x 10 Vials / Box	5ml x 10 Vials / Box

**REGENT SER**  
SKIN REJUVENATION SOLUTION

**PIKO**  
WHITENING & LIGHTING SERUM
